*Most Buick parts and accessories sold and installed on a Buick vehicle by a Buick Dealer or a Buick-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New Vehicle Limited Warranty. If Buick Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. See your dealer for details.

Some vehicles are shown with equipment from an independent partner. GM Licensed and Integrated Business Partner Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers. GM is not responsible for the safety or quality of independent partner alterations.

Buick Accessories sold over the counter, or those not requiring installation, will continue to receive the standard Buick Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles.

For more details on exhaust system compliance with local and state noise ordinances, trailer weight rating calculations, cargo limitations, load trailer weight capacities, and possible installation charges incurred with certain accessories, contact your local Buick Dealer.
